October 1st, 2015

To: WONCA Europe Member Organisations
Subject: WONCA Europe Survey of Migration of GPs within Europe

Dear colleagues,

The Annual Council Meeting of WONCA Europe in Istanbul will be held on October 22nd, 8.30 – 15.00 in Lale Hall at Halic Congress Centre.

For this year's national reports, we are collecting information on a specific topic through an online survey. It is based on a theme – that is migration of General Practitioners (GPs) and Family Doctors (FDs) around Europe. Some European countries experience movement of GPs/FDs in or out of their countries. The migration process for GPs /FDs can be complicated by variations in GP training and Continuing Professional Development (CPD) across Europe. This brief survey is an important part of gathering the necessary information on this topic.

For further information, and to complete the survey, please follow the link:
https://www.surveymonkey.com/r/WONCA_Europe_survey_of_migration_of_GPs_within_Europe_2015

Please ensure there is at least one response sent from your country, by you or by a colleague who can respond on this theme. We can accept up to ten responses per country.

Please note that only responses received by **midnight on Sunday, 18th October** will be included in the Report of these country reports. The results of this survey will be announced at the WONCA Europe Council Meeting in Istanbul.

Thank you for taking the time to participate in our survey.

With kind regards,

Prof Job FM Metsemakers
President WONCA Europe

Dr Andrée Rochfort, MICGP
EQUIP - Representative
